

## GREENWAY FARMS ROAD BRIDGE OVER CSXT Havre de Grace, MD

WBCM's Inspection Services provided Construction Management and Inspection (CMI) services for the City of Havre de Grace, in a joint departmental project with our Bridge Engineering and Surveys groups. Providing a complete engineering services package from design to completed construction, WBCM served as construction managers for the Developer's CSXT Rail Road Bridge Project. Construction services included surveys layout and as-built documentation, laboratory and field materials testing, records control, scheduling, Rail Road and Utilities coordination, and clerk-of-the-works resident field inspection. The Project was completed on-time and within planned construction budget.

**Client:** City of Havre de Grace  
**Total Construction Cost:** \$1,500,000.00  
**Project Size:** 92' length 41' width
